Wonder what a little extra X can do...

Ranju Sharma and Kiran Krishnamurti

...Is what Dr **Sudhakar Krishnamurti's** ordered at his book reading. And everyone got two ears full of the four letter... er sex. Everything got discussed — from dysfunctions and disorders to issues and tissues, and size and libido in between. While friends of the couple were all present, people who really needed to understand that sex is not a four letter word, were missing. Anyway, hanging out together and looking rather comfortable

GUPSHUP

with the evening and subject were **Miki Sharma, Sridhar Chaudhary and Savita Date Menon. Kiran Krishnamurti** played a charming hostess and made sure everyone was well anchored and comfortable. A subject like that and an author like that will surely stay on minds for a long time!
